

# *The TKE Monthly*

*-Theta Upsilon Chapter-  
-CSUS est. 1961-*

November 2007-

The month of October was one of success for the Theta Upsilon chapter of Tau Kappa Epsilon. Winning the Intramural Flag Football, the men of this chapter have shown to the campus that even though we were gone for a year we will pick up right where we left off. We placed second in the Sigma Kappa Hot Shots philanthropy over a controversial call by the officials during our game against Phi Beta Sigma in which we lost by 1 point. We claimed another title during the causeway classic, winning the best tailgate award with a big thank you to Alumni Dave LeBoeuf who steam headed the cooking and kept things running smoothly. Dave along with UG members Bryan Parker, Adam Alvarez, Matt Albanese and Daniel Franey all appeared on Good Morning Sacramento as well, as the host selected us to do their morning tailgate bit with. Another title came to the chapter during the Sigma Chi Derby Days philanthropy when they awarded us with best brotherhood for our turnout in support for the sororities and their cause.

On the business side of things the chapter is running smoothly. The members of the UG chapter recognize what we need to do to bring our chapter back to the respected status it was before our brief time away from campus and are making a great effort to educate the new members on not only what it means to be a gentleman, but further more what it means to be a TKE. As we move into the month of November the chapter looks forward to retreat and other brotherhood events as we make the way towards the end of the semester. As our hard work pays off the chapter grows stronger everyday and the future of Theta Upsilon look brighter and brighter. – keep it classy, one love
